## Natuzzi Italia

The Harmony Project aims to offer a unified working method that ensures chromatic and stylistic harmony, preserving the brand's DNA.

This tool is intended to be more than just a product offering, aiming to harmonize an entire interior design project.

# Cala

The particular shape and its resemblance to the most beautiful seascapes make CALA a constant invitation to take refuge and relax.

**Design by Claudio Bellini**

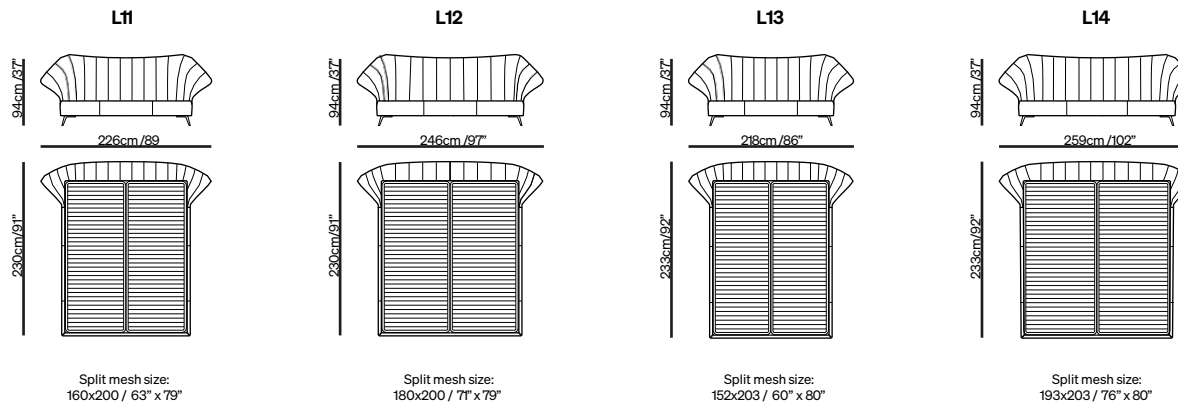

Claudio Bellini lives and works in Milan, the city of design. Since childhood, he has been in close contact with the creative world thanks to the influential figure of his father, Mario Bellini, a prominent artist in the history of Italian design. Over time, Claudio Bellini has become a famous designer, but he has maintained that innate curiosity that allows him to get excited at every stage of the design process. Open-minded, he also has a particular sensitivity to different cultures and historical heritages.
