Harmony project

Natuzzi Italia

The Harmony Project aims to offer a unified working method that ensures chromatic and stylistic harmony, preserving the brand's DNA.

This tool is intended to be more than just a product offering, aiming to harmonize an entire interior design project.

Briq

The Briq project combines comfort, craftsmanship, versatility, and functionality, highlighted by the bed storage with a double movement mechanism, which makes access to all areas of the bed easy. Available in four sizes, both in leather and fabric, it is designed to meet every space requirement.

Design by Claudio Bellini

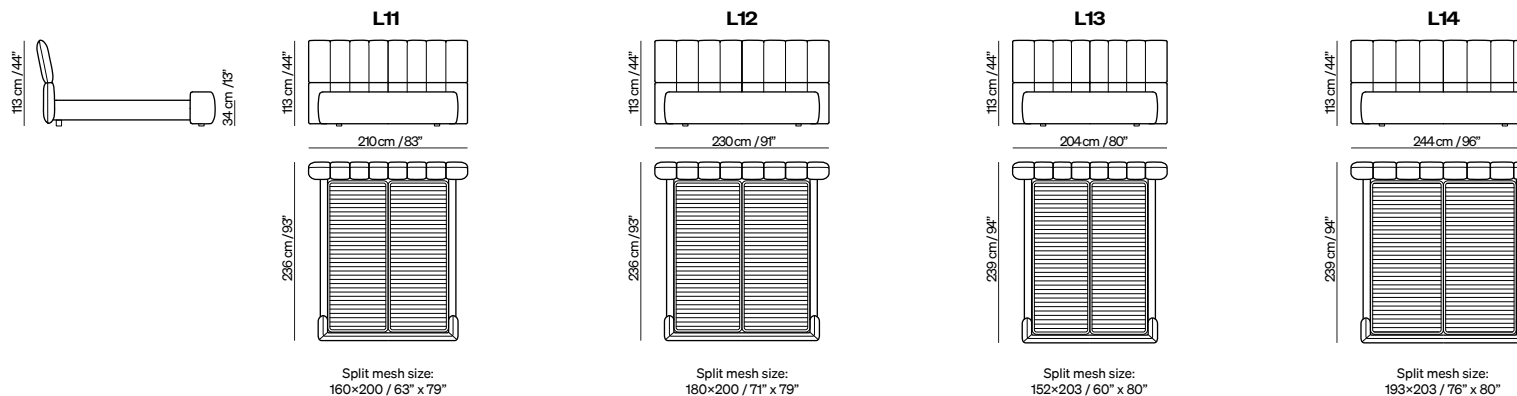

Claudio Bellini is an architect, designer, and art director. In 1996, he founded his studio in Milan. His approach to design, attentive to the needs of a growing global market, is based on the centrality of harmony, beauty, and efficiency.

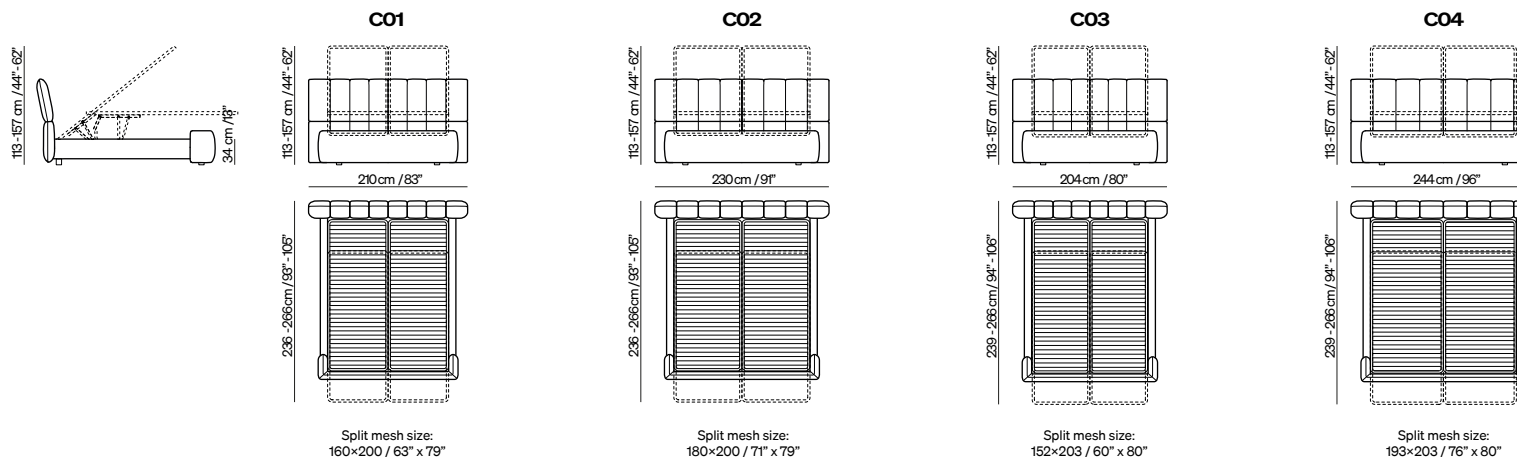

Choose your Briq

The Briq project is highly versatile, with the bed available in different sizes to accommodate various spaces. Additionally, the Briq bed is offered with an optional bedding box feature, enhancing its functionality and adaptability to different needs.

Bed with slate frame

Bed with slate frame and liftable bedding box mechanism

Technical features

The BRIQ bed's essential design strikes a perfect balance with its generously padded headboard, adorned with dynamic vertical seams. Fully upholstered and finished on the back, it can be positioned anywhere in the room. Its functionality shines with an optional hidden storage, making it easy to store all your bed essentials.

King and Queen Sizes

Leather and Fabric

Closed Base Storage

Lift System With Two Opening Options

The lift-up system has two positions: 45-degree and horizontal (70 cm above ground). It facilitates bed-making and access to storage near the headboard. The gas piston mechanism ensures smooth operation, and the epoxy-coated steel frame offers durability and resistance to chemicals, corrosion, and shocks.

The hidden metal feet provide a sleek appearance and enhanced stability, while the closed base frame offers a clean, modern look.

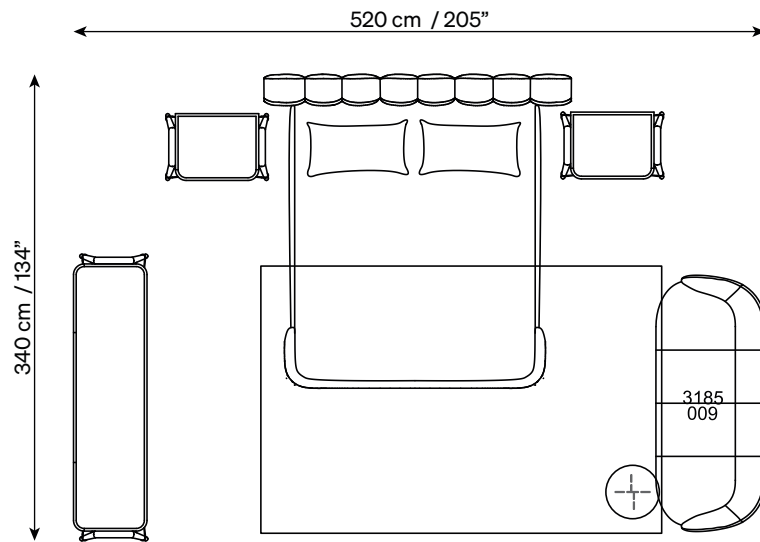

The leather handle allows for effortless opening and closing of the storage, while the orthopedic solid beech wood slats provide optimal support during sleep.

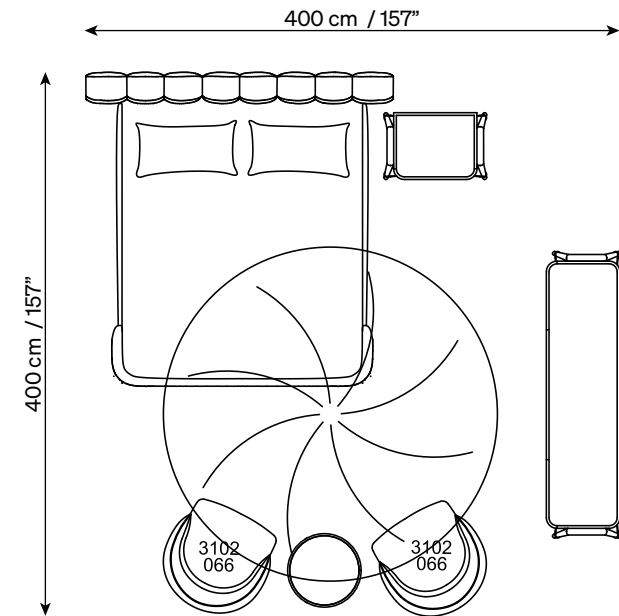

Layout Examples

You can also showcase the versatility of the project with different layouts, highlighting the creation of various configurations to optimize space in any bedroom. The bed comes in various frame options to accommodate different mattress dimensions, providing flexibility to fit a range of bedroom layouts and needs.

Moodboard warm neutral 1

To bring harmony to the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, the Stromboli Leather in Nude colour has been paired with Montemario Fabric in Sand colour. The harmonization of these coverings with woods and marbles will give rise to the moodboard that will define the final total look of the project. Each collection model is presented with multiple moodboards to suit all market geographies.

Moodboard warm neutral 1

Along with the moodboard of coverings and materials, the Natuzzi Style Center harmonizes the bedroom with furniture and accessories to complete the interior design project.

Bedroom furnishing Svevo

designer Manzoni & Tapinassi - Discover the Svevo collection, where design meets art. With rounded, enveloping shapes and a refined mix of materials, each piece blends harmoniously, transforming your home into a space of elegance and comfort. Experience the beauty and functionality of Svevo, designed to create a welcoming and sophisticated environment.

Elegance and Refinement:

The solid ash wood legs, stained in various finishes with steel inserts, add a touch of class and distinction, elevating the appearance of any environment.

Variety of Colors:

The availability of different colors for the wooden parts allows for customization that adapts to various styles of decor.

Consistent Design:

The satin lacquered glass top in the same color as the structure ensures a uniform and harmonious look, ideal for those seeking aesthetic coherence.

High-Quality Materials:

The use of premium materials such as solid wood and satin glass ensures durability and an impeccable appearance.

Versatility:

The intelligent mix of materials makes this night collection, which includes nightstands and a large dresser (6 drawers), suitable for various living contexts.

Bedroom furnishing Venere

designer Bernhardt & Vella - The accessories for the night area of the Venere collection are distinguished by a delicate and sinuous structural design, which conveys a sense of lightness and sophisticated elegance. This collection represents a perfect balance between natural beauty and industrial modernity, offering pieces that enrich the environment with a touch of refinement and contemporary style.

Elegant and Modern Design

The structure is made of curved sheet metal, laser-cut with a glossy and painted finish, ensuring robustness and an elegant appearance. The dresser and front panels are available in curved plywood with a combination of predefined colors in glossy lacquer or wood, offering aesthetic versatility.

Hidden Details and Practical Organization

The dresser includes a jewelry compartment, ideal for organizing daily accessories. The drawer interiors are lacquered in the same color as the external finish, for a consistent and refined look.

Ease of Use

Push-pull opening mechanism for easy use without visible handles.

Quality and Durability

High-quality materials and robust construction ensure long-lasting durability.
