Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Oxford

The OXFORD sofa, defined by its clean and robust design, draws inspiration from iconic elements of English heritage.

It reflects the ambiance of university libraries—enduringly elegant spaces that invite you in with the warmth of aged wood and the aroma of treasured books; as well as literary clubs, where one can leisurely enjoy tea while reading or engaging in conversation.

Every aspect of the OXFORD sofa is crafted to capture this way of life: classic, enduring lines; a harmonious blend of sophistication and comfort; and a sturdy construction that offers both reassurance and embrace.

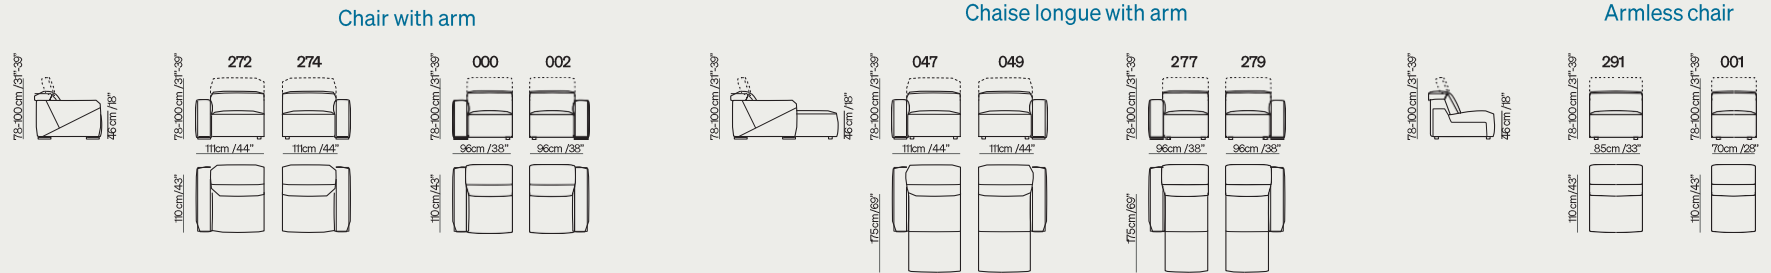

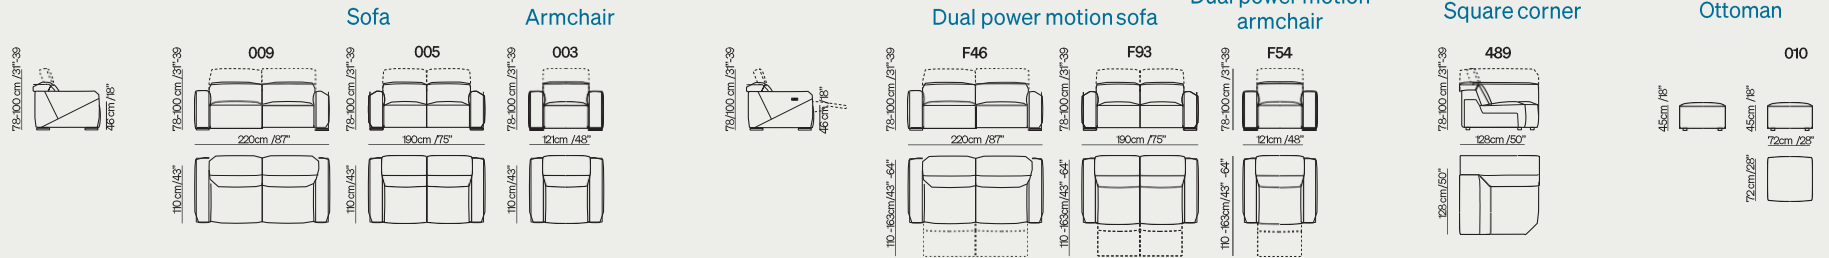

Design by Natuzzi Design Center

In the Natuzzi Headquarter in Puglia, the Design Center preserves the balance between design and functionality, values rooted in the brand's DNA.

Moodboard earth tone

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Dream leather in the Truffle color was paired with the Terme velvet in the Rust color. The combination of these coverings together with the wood, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.

Moodboard earth tone

Together with the moodboard of coverings and materials, the Style Centre harmonizes the sofa with furniture and accessories to complete the interior design project.
